あの人（ひと）はなんでもあけすけに言（い）う

明（あ）け透（す）けに言（い）う

ABOUT: This idiom is used when someone says something in a blunt manner. "ake" means to reveal or to bring something to light; "suke" means to be transparent.

ETYMOLOGY: Another, and, probably original, usage of "akesuke" is that a gap has opened, and the other side is visible.
